Company Introduction

创科展示

Welcome to **Zhongshan CK Display Products Co., LTD.**

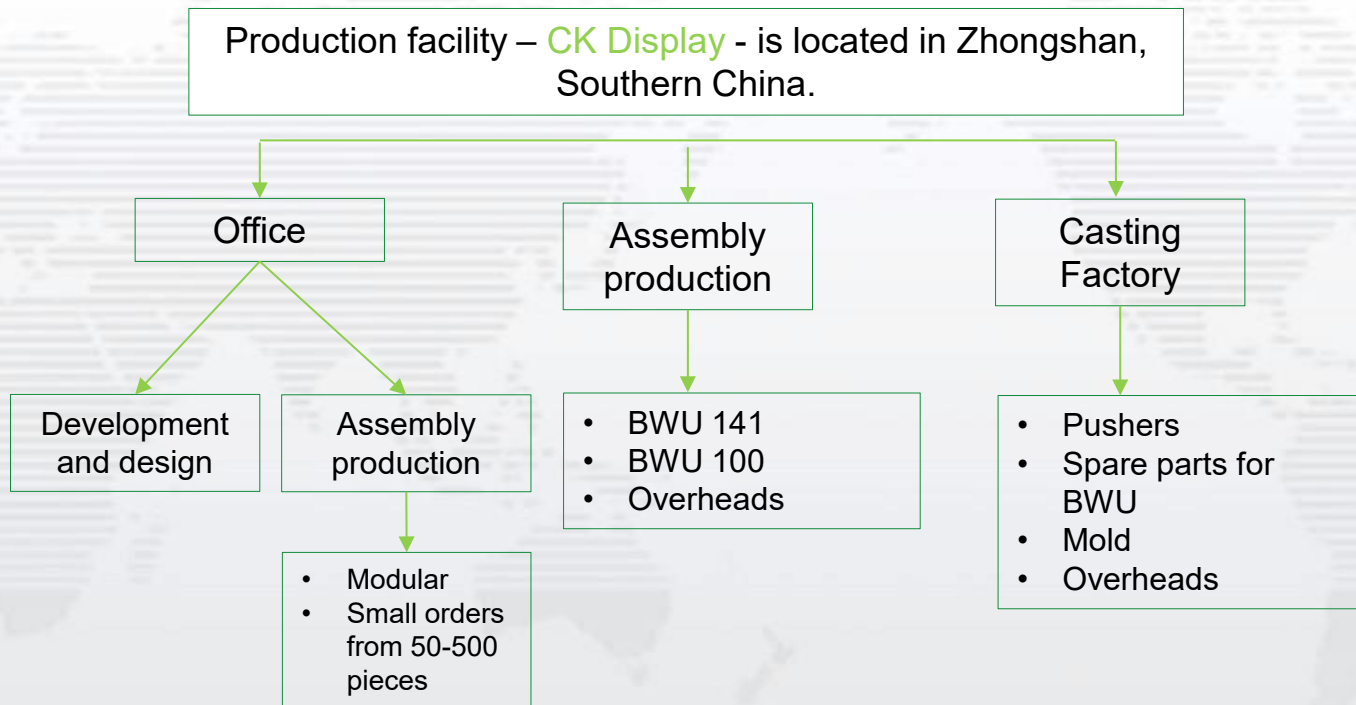

We are a company that has been focusing on the development and production of cigarette display cases since 2005. Our team consists of a group of professionals with more than 10 years of experience, who are at the top of the industry and take pride in providing the highest quality products and professional services. Our services cover a full range of professional services from product research and development to template production, and then to solution optimization, manufacturing, logistics, after-sales and so on. Our wide range of products includes various types of cigarette display stands, each reflecting our deep understanding and expertise in the tobacco display industry. Over the past decade, our team has successfully developed more than 200 different types of cigarette racks, each reflecting our attention to detail and pursuit of quality. Our products are not only well received in the domestic market, but also widely recognized and praised in the international market. We are committed to providing the highest quality products and services to tobacco companies around the world. Our products and services have been recognized and praised by the top four tobacco companies in the world. This is not only a recognition of our products, but also an affirmation of our professional competence and service quality. We always adhere to the customer as the center, quality as life, innovation as the driving force, service as the guarantee. We remain committed to providing tobacco companies around the world with better, more innovative and reliable products and services.

Team Introduction

OUR TEAM

profession

youth

have a
dream

concentration

Team refers to a system of coordinated behavior or force of a small group of people with a common goal and different abilities. This group of people is like the five features of a person, working together to maintain a person's survival.

We are a professional team. Our members have more than 10 years of industry experience, and are involved in the whole chain from product development, to manufacturing, to after-sales value-added services, and product upgrading. Professional level, industry leading!

We are a young team. Our average age is only 40 years old, the industry experience without losing the spirit of innovation, energetic and not reckless! We are an efficient team. We have a flat single personnel structure, clear and smooth operation process, standardized forms, documents!

We are a focused team. We firmly believe that focusing on a class of products, serving a class of customers, and deeply cultivating a market will eventually win the trust of customers and the recognition of the market!

We are a team with a dream. We come from all over the world, because of a common dream: to be a truly excellent exhibition enterprise, to provide customers with quality products, value of service, to be the leader of the industry!

2005

■ 2005-2008

Since 2005, I have been in contact with customers of cigarette display stands, and began to participate in the formulation of cigarette display stands, sample development, and small-batch product production.

2015

■ 2015-2020

The company's products and services have been fully recognized and supported by customers at home and abroad, and won the title of annual excellent supplier for many times, stepping on the track of rapid development.

2020

■ 2020-2022

Stable development period. Continue to provide customers with quality service, export quality products for the market.

2010

■ 2010-2015

Because I actively participated in the customer's product research and development work in the early stage, and continued to mass produce different styles of cigarette display cases, with reasonable prices and high quality. Get the unanimous recognition of customers. Business continues to grow.

2008

■ 2008-2010

During these two years, I participated in the international bidding of guests for many times and achieved excellent results. In 2008, we also went to Dusseldorf, Germany, together with guests to understand the development of the industry.

2023

■ continuous innovation

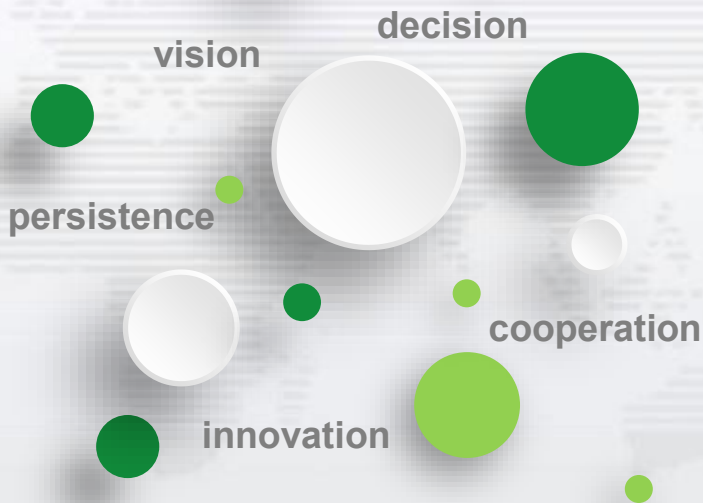

In 2023, the company and customers together, research and development of a number of new products on the market, have been unanimously recognized and praised by the market. Business exploded.
